ANZCP 2020 ASM

Expressions of Interest

Dear Current ANZCP Members,

The Australian and New Zealand College of Perfusionists invites you to submit an expression of interest in hosting their 2020 Annual Scientific Meeting.

The ASM would be held on a date in November from a Thursday afternoon through to a formal Gala Dinner to be held on the Saturday night.

We aim for this conference to be a highlight on the 2020 calendar for Perfusionists and believe it will provide a worthwhile opportunity to get together, exchange ideas and approaches, hear international guest keynote speakers and learn about new, exciting innovations and technological developments from the corporate arena.

As always, the ANZCP wishes to serve as a peak professional body to uphold and promote standards for the work of Perfusionists and to advocate on behalf of the profession and members.

If you would like to become involved with the ANZCP community in shaping the scientific, educational and social focus of the 2020 ASM then please advise us if you are interested in joining the organising committee by emailing:

Kuljeet Farrar

treasurer@anzcp.org

Responses by Sunday, 30th June 2019 would be appreciated.
