

Australian and New Zealand College of Perfusionists

Position Available – Gazette Associate Editor

We have a vacancy for an enthusiastic and motivated Associate Editor for the ANZCP Gazette.

Do you have a wide professional network or wish to attain one? Then we are looking for you.

This is also an opportunity to raise your professional profile whilst contributing to our College – like many of your perfusionist colleagues already!

At a minimum proof reading of drafts and commenting on the general layout would be required.

However, the role is open ended and not specific – we would welcome any ideas and suggestions as the Gazette is an evolving project limited only by our imagination and commitment.

If you are interested or require more information, please contact Kieron Potger at gazette@anzcp.org
