With over 28 years in Perfusion, Cyril was until recently, the Manager of Perfusion Services and Exvivo Therapies at University Health Network, Toronto General Hospital in Toronto, Canada. This is Canada's busiest perfusion program performing over 2500 perfusion related cases per year which includes Cardiac Surgery, Thoracic Surgery, Multiorgan Transplant, Adult Congenital and Extracorporeal Life Support Programs. Managing a department of 20 Perfusionists and 3 Organ Perfusion Specialists, Cyril has a vast knowledge of ventricular assist devices, exvivo therapies for lung, liver and kidney perfusion, and ECMO. An early adopter of MiECT, Cyril has over 20 years experience in the field and is the current President of the Minimal Invasive Extracorporeal Technologies International Society (MiECTiS). Cyril is well published in the field of perfusion and in 2022 received the President's Award in recognition of his contributions to the Canadian Society of Clinical Perfusion.
