

Abstract Submission Guide

The ANZCP Annual Scientific Meeting program committee invites submission of abstracts for presentation at the upcoming ASM.

Oral presentations may consist of original investigations, literature reviews, clinical techniques or case reports. At this stage we are offering our standard time for these presentations (12 or 20 minute timeslot, including 3-4 minutes for questions) however this may change when we finalise the program. Should you have a presentation you feel may not quite fit into the formal session, you may also submit for presentation in the Fireside Chat session. Should you wish to present in the Fireside Chat session, please indicate so in your submission email.
