Dr Arjun Iyer is a cardiothoracic and transplant surgeon at St Vincent's Hospital Sydney. He has a PhD in cardiac transplantation and ex vivo organ perfusion.

He has worked as a consultant Cardiothoracic surgeon at Flinders Hospital in Adelaide and The Alfred Hospital in Melbourne before returning to Sydney and St Vincent's Hospital.

His PhD involved investigation of ex vivo organ perfusion systems in cardiac transplantation, which has had a significant impact on donor utilisation and transplant numbers

Dr Iyer's areas of interest are: cardiac transplantation and ventricular assist device implantation, aortic surgery, minimal access cardiac surgery, off pump coronary artery bypass surgery.
