

## Expressions of Interest: ANZBP Simulation Coordinators

The Australian and New Zealand Board of Perfusion (ANZBP) is seeking two enthusiastic perfusionists to join our voluntary team as future Simulation Coordinators.

These roles will be joining the existing simulation team, learning from and collaborating with them. The individuals will receive extensive mentoring to develop their skills across varied simulation situations, with the goal of eventually taking over from the current team members as they transition the program's management to the new team.

This is an exciting, new opportunity to play a pivotal role in enhancing the quality of cardiac perfusion training and education in our region.

### Key Responsibilities:

As this is a new role, you will have the autonomy to foster the simulation culture you wish to become embedded in the ANZCP. You will be able to work at your own pace and will be supported by the committee and Board. Your achievements will be limited only by your creativity and ambition. Ideally, you will:

- Develop, implement, and manage simulation-based education programs for cardiac perfusionists.
- Collaborate with multidisciplinary teams to design and execute realistic clinical scenarios.
- Integrate high-fidelity simulation into the perfusion traineeship to help prepare students for real-world perfusion challenges.
- Lead initiatives to continuously improve simulation training methods and outcomes.
- Conduct debriefing sessions to provide constructive feedback and facilitate learning.

### Criteria for the Ideal Candidate:

- Certification as a Clinical Perfusionist (CCP) or Certified OTP
- Current membership of the ANZCP
- Ideally >5 experience in cardiac perfusion
- Strong organizational, communication, and leadership skills
- Willingness to attend a monthly ANZBP meeting to plan and report on initiatives and progress

### Why Join the ANZBP?

- Contribute to the advancement of cardiac perfusion education and practice in Australia and New Zealand.
- Work with a dynamic team committed to bettering perfusion education and CPD
- Opportunity to shape the future of perfusionist training and improve patient care outcomes.

If you are passionate about simulation-based education and have the expertise to drive our training programs forward, we would love to hear from you.

**How to Apply:** Please submit your expression of interest to the ANZBP via [abcp@anzcp.org](mailto:abcp@anzcp.org) before **Friday 28<sup>th</sup> June**. We look forward to your application.
