Te Pae Convention Centre
Christchurch, New Zealand

Visit: www.anzcp.org

Tim Willcox has 5 decades of experience in clinical perfusion at Green Lane and Auckland City Hospitals.

Tim has research interests in outcomes of cardiopulmonary bypass surgery and perfusion safety and has published widely in the perfusion literature. He manages and edits the ANZCP Perfusion Incident Reporting System (PIRS2) and is a Life Member of the College. He founded the Perfusion Downunder Winter Meeting that ran from 2005 to 2023 and has presented and lectured internationally.

Tim retires from perfusion at the end of November 2024.
