Key Information

ABOUT THE ROLE

An exciting opportunity exists for an experienced Perfusionist Grade 4 to join the Cardiac Surgery Team within Surgical Services at John Hunter Hospital. This temporary part-time position 36 hours per week is available from February 2027 until August 2027, offering the opportunity to step into the Director of Perfusion Service role and provide approximately six months' leave relief.

You'll provide clinical leadership and support the delivery of high-quality perfusion services across the Cardiac Surgery Program, working closely with surgeons, anaesthetists, nurses and the wider multidisciplinary team. You'll be part of a close-knit team of four Perfusionists within the Cardiac Surgery Program, which has been operating at John Hunter Hospital since 1992.

With cardiac surgery preparing to transition to the new Acute Services Building at John Hunter Hospital, you'll be joining the team at an exciting time of growth and development. The new service will feature two dedicated cardiac operating theatres, theatres 20 and 22, located on either side of a dedicated perfusion set-up room in Pod 4.

Join a highly skilled team and take a leading role in shaping the future of cardiac surgery services at John Hunter Hospital.
